

COVID-19

WORKING TOGETHER TO MAKE CARLISLE COLLEGE SAFE

Following **government guidance** we have taken the following **actions**:

We have carried out a detailed COVID-19 risk assessment

We have enhanced cleaning, handwashing and hygiene procedures

We have limited class sizes with staggered timetables

We have taken all reasonable steps to maintain social distancing throughout the College

We have taken practical measures to manage the transmission risk where it is not possible to maintain social distancing

You can **protect yourself** by:

Observing staggered arrival times

Using the hand sanitation stations provided and washing your hands regularly

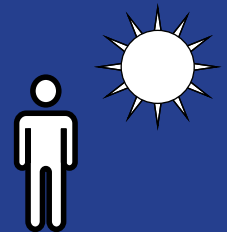

Observing the one-way system in operation

Following floor signage to maintain social distancing

Observing the reconfigured seating arrangements

Using outside areas for breaks
