

# Equality Objectives

from May 2015

- Establish a LGBT group and increase membership year upon year, seeking external LGBT recognition.
- Establish a set of student values and behaviours (student led).
- Gender stereotype – increase the number of male students attending traditional female courses and vice versa. The aim is to increase this by 1% each year.
- Above 90% of staff and governors will be compliant with equality and diversity training.

**Smart  
move!**
